

## Contents

<b>91 - Radio, telephone, navigation</b> .....	<b>1</b>
<b>1 Retrofitting transceivers</b> .....	<b>1</b>
1.1 General notes .....	1
1.2 Transmission power levels and possible fitting locations .....	1
1.3 Power supply .....	1
1.4 Aerial and aerial wire .....	2
1.5 Other auxiliary equipment .....	2
1.6 Overview - battery A/transmitter and receiver unit/fuse/wiring harness .....	2
1.7 Transmission power levels and aerial fitting locations for A1 (from model year 2011 up to model year 2012) .....	4
1.8 Transmission power levels and aerial fitting locations for A1 (from model year 2013 up to model year 2018) .....	4
1.9 Transmission power levels and aerial fitting locations for A1 (from model year 2019 onwards) .....	4
1.10 Transmission power levels and aerial fitting locations for A2 (from model year 2001 onwards) .....	5
1.11 Transmission power levels and aerial fitting locations for A3 (from model year 1997 up to model year 2003) .....	6
1.12 Transmission power levels and aerial fitting locations for A3 (from model year 2004 up to model year 2012) .....	7
1.13 Transmission power levels and aerial fitting locations for A3, A3 Sportback (from model year 2013 up to week 29/2013) .....	7
1.14 Transmission power levels and aerial fitting locations for A3, A3 Sportback, A3 Saloon (from week 30/2013 onwards) .....	8
1.15 Transmission power levels and aerial fitting locations for A3 (from model year 2021 onwards) .....	8
1.16 Transmission power levels and aerial fitting locations for A3 Cabriolet (from model year 2008 up to model year 2014) .....	9
1.17 Transmission power levels and aerial fitting locations for A3 Cabriolet (from model year 2015 onwards) .....	10
1.18 Transmission power levels and aerial fitting locations for A4 (from model year 1995 up to model year 2000) .....	10
1.19 Transmission power levels and aerial fitting locations for A4 (from model year 2001 up to model year 2007) .....	12
1.20 Transmission power levels and aerial fitting locations for A4 (from model year 2008 up to week 10/2012) .....	14
1.21 Transmission power levels and aerial fitting locations for A4 (from week 11/2012 up to model year 2015) .....	15
1.22 Transmission power levels and aerial fitting locations for A4 (from model year 2016 onwards) .....	16
1.23 Transmission power levels and aerial fitting locations for A4 Cabriolet (from model year 2003 onwards) .....	17
1.24 Transmission power levels and aerial fitting locations for A5 Coupé (from model year 2008 up to week 10/2012) .....	18
1.25 Transmission power levels and aerial fitting locations for A5 Coupé (from week 11/2012 up to model year 2016) .....	18
1.26 Transmission power levels and aerial fitting locations for A5 Coupé (from model year 2017 onwards) .....	19
1.27 Transmission power levels and aerial fitting locations for A5 Sportback (from model year 2010 up to week 10/2012) .....	20
1.28 Transmission power levels and aerial fitting locations for A5 Sportback (from week 11/2012 up to model year 2016) .....	20
1.29 Transmission power levels and aerial fitting locations for A5 Sportback (from model year 2017 onwards) .....	21
1.30 Transmission power levels and aerial fitting locations for A5 Cabriolet (from model year 2009 up to week 10/2012) .....	21
1.31 Transmission power levels and aerial fitting locations for A5 Cabriolet (from week 11/2012 up to week 44/2016) .....	22

1.32	Transmission power levels and aerial fitting locations for A5 Cabriolet (from week 45/2016 onwards)	22
1.33	Transmission power levels and aerial fitting locations for A6 (from model year 1998 up to model year 2004)	23
1.34	Transmission power levels and aerial fitting locations for A6 (from model year 2005 up to model year 2010)	24
1.35	Transmission power levels and aerial fitting locations for A6 (from model year 2011 up to model year 2012)	25
1.36	Transmission power levels and aerial fitting locations for A6 (from model year 2013 up to model year 2014)	26
1.37	Transmission power levels and aerial fitting locations for A6 (from model year 2015 up to model year 2018)	28
1.38	Transmission power levels and aerial fitting locations for A6 (from model year 2019 onwards)	29
1.39	Transmission power levels and aerial fitting locations for A7 Sportback (from model year 2011 up to model year 2012)	31
1.40	Transmission power levels and aerial fitting locations for A7 Sportback (from model year 2013 up to model year 2014)	31
1.41	Transmission power levels and aerial fitting locations for A7 Sportback (from model year 2015 up to model year 2018)	32
1.42	Transmission power levels and aerial fitting locations for A7 (from model year 2019 onwards)	33
1.43	Transmission power levels and aerial fitting locations for A8 (from model year 1994 up to model year 2002)	33
1.44	Transmission power levels and aerial fitting locations for A8 (from model year 2003 up to model year 2009)	34
1.45	Transmission power levels and aerial fitting locations for A8 (from model year 2010 up to model year 2012)	34
1.46	Transmission power levels and aerial fitting locations for A8 (from week 22/2012 up to week 35/2013)	35
1.47	Transmission power levels and aerial fitting locations for A8 (from week 36/2013 up to model year 2017)	35
1.48	Transmission power levels and aerial fitting locations for A8 (from model year 2018 onwards)	36
1.49	Transmission power levels and aerial fitting locations for Q2 (from model year 2017 onwards)	37
1.50	Transmission power levels and aerial fitting locations for Q3 (from model year 2012 up to model year 2014)	38
1.51	Transmission power levels and aerial fitting locations for Q3 (from model year 2015 up to model year 2018)	38
1.52	Transmission power levels and aerial fitting locations for Q3 (from model year 2019 onwards)	39
1.53	Transmission power levels and aerial fitting locations for Q4 (from model year 2022 onwards)	40
1.54	Transmission power levels and aerial fitting locations for Q5 (from model year 2008 up to model year 2012)	40
1.55	Transmission power levels and aerial fitting locations for Q5 (from model year 2013 up to model year 2016)	41
1.56	Transmission power levels and aerial fitting locations for Q5 (from model year 2017 onwards)	41
1.57	Transmission power levels and aerial fitting locations for Q7 (from model year 2007 up to model year 2012)	42
1.58	Transmission power levels and aerial fitting locations for Q7 (from model year 2013 up to model year 2015)	43
1.59	Transmission power levels and aerial fitting locations for Q7 (from model year 2016 onwards)	43
1.60	Transmission power levels and aerial fitting locations for Q8 (from model year 2019 onwards)	44
1.61	Transmission power levels and aerial fitting locations for R8 (from model year 2007 up to model year 2015)	45
1.62	Transmission power levels and aerial fitting locations for R8 (from model year 2016 onwards)	45

1.63	Transmission power levels and aerial fitting locations for R8 Spyder (from model year 2010 up to model year 2016)	46
1.64	Transmission power levels and aerial fitting locations for R8 Spyder (from model year 2017 onwards)	46
1.65	Transmission power levels and aerial fitting locations for TT (from model year 1999 up to model year 2006)	47
1.66	Transmission power levels and aerial fitting locations for TT (from model year 2007 up to model year 2014)	48
1.67	Transmission power levels and aerial fitting locations for TT (from model year 2015 onwards)	49
1.68	Transmission power levels and aerial fitting locations for e-tron (from model year 2019 up to week 47/2022)	51
1.69	Transmission power levels and aerial fitting locations for e-tron (from week 48/2022 onwards)	51
1.70	Transmission power levels and aerial fitting locations for e-tron GT (from model year 2022 onwards)	52
